Methodist Church

Last Sunday was another good day at the Methodist church. Large congregations, several openly confessing Christ, and a number of new members received into fellowship of the church. Sunday school reached high-water mark. Mr. Brillhart and the juniors led in some very inspiring songs.

Next Sunday morning Dr. Morris will speak on "The Truth About Christian Baptism." The talk in the evening at 7:30 will be on "A Night Among Wild Beasts." At the morning service Mrs. Arthur E. Johnston will sing "O Dry Those Tears" (Del Riego), and in the evening Lloyd Brennan will sing "One Sweetly Solemn Thought" (Ambrose). The choir will be in full force at all the services.

Hereafter the choir will meet on Friday evening and put in the full time in work. Some new and fine music is to be put on at once. Some new concert pieces are now in hand.

The outstanding work now is being done among the juniors. About forty more boys and girls from 10 to 15 are wanted to get into our next program.

The junior boys meet Saturday morning to clean up grounds about the church.

This church has made a remarkable record in the last six months.

A new house of worship built, membership doubled, congregations increased 200 per cent, and a good friendly feeling among members and friends.

Last Sunday morning the people passed a resolution by unanimous standing vote asking for the pastor to be returned another year. The pastor is away most of this week attending conference in Los Angeles.

Eugene Knox comes Thursday night next week. Don't forget it.

Studebaker Light-Six Sedan

The Closed Car You Buy This Month You've Got to Ride in Next Winter

Any owner who has felt winter's winds whistling through the ill-fitting doors and flimsy panels of a makeshift closed car knows there is no substitute for quality.

The Studebaker Light-Six Sedan you buy now will not only serve you admirably this summer and next winter, but will endure for years.

It is sturdily built for long, hard service, to ride comfortably, to look well and to operate at a moderate expense as long as you care to drive it.

We believe the Light-Six Sedan is the peer of all closed car values at anywhere near its price.

The substantial hardwood and steel body with its broad windows and four wide doors, rich mohair velvet plush

upholstery and many refinements, is a model of Studebaker craftsmanship.

The chassis embodies many features of advanced design. Its construction is an achievement in the use of precision methods in large scale manufacture. Proof of this lies in the machining of all surfaces of the crankshaft and connecting rods to which is largely due its virtual freedom from vibration. This is an exclusive Studebaker practice on cars at this price.

The Light-Six Sedan is low priced because it is built complete by Studebaker in large volume, but there isn't a cheap thing about it. It is above par in every particular.

The name Studebaker is assurance of satisfaction.

Power in surplus measure to satisfy the most exacting owner
